

2019

Chang Gung International Medical Research Conference

Shaping the Future of Medical Research

10/18 FRI

**Linkou Chang Gung Memorial Hospital
Research Building**

Time	Topics	Speakers	Moderators
09:00-09:20	Opening Remarks		
09:20-10:00	Ten-year Trends for the Future of Medical Research		Wen-Jin Cherng 程文俊 主委
	Speaker / Chien-Jen Chen, ScD 陳建仁 副總統 Genomics Research Center, Academia Sinica, Taiwan		
10:00-10:40	Synthetic Biology and Evolution for Healthcare and Sustainability		Alice L. Yu 陳鈴津 院士
	Speaker / James C. Liao, PhD 廖俊智 院長 Academia Sinica, Taiwan		
10:40-11:00	Coffee Break		
11:00-11:40	Epigenetic Targets in Cancer		Chia-Chu Pao 包家駒 校長
	Speaker / Kristian Helin, PhD Cell Biology Program and Center for Epigenetics Research, Memorial Sloan Kettering Cancer Center, USA		
11:40-12:20	From Genome Technology to Cancer Biology		Kou-Juey Wu 吳國瑞 教授
	Speaker / Chia Lin Wei, PhD Genome Technologies, The Jackson Laboratory, USA		
12:20-13:30	Lunch		
13:30-14:10	Genomic, Epigenomic and Immunological studies of Cholangiocarcinoma in Diverse Populations		See-Tong Pang 馮思中 副院長
	Speaker / Bin Tean Teh, MD, PhD Division of Medical Sciences, National Cancer Centre, Singapore		
14:10-14:50	Redox as the Nexus between Radiation Therapy and Immunotherapy		Chyong-Huey Lai 賴瓊慧 副院長
	Speaker / William H. McBride, PhD Department: Radiation Oncology, UCLA, USA		
14:50-15:30	Poster session		
15:30-16:10	Shifting the Paradigm of Nucleos(t)ide Analogue Therapy in HBeAg-Negative Chronic Hepatitis B		Fu-Chan Wei 魏福全 院士
	Speaker / Yun-Fan Liaw, MD 廖運範 院士 Liver Research Unit, Chang Gung Memorial Hospital, Taiwan		
16:10-16:50	Cancer Associated Glycosphingolipids as Targets for Immunotherapy		John Yu 游正博 教授
	Speaker / Alice L. Yu, MD, PhD 陳鈴津 院士 Institute of Stem Cell and Translational Cancer Research, Chang Gung Memorial Hospital, Taiwan		
16:50-17:10	Closing Remarks
